

# Hawkesbury-Nepean Valley Flood Strategy

## *Community Resilience Program 2017-2020*

- Aims to build community awareness and preparedness in the most flood exposed area in NSW
- Underpinned by a partnership approach leveraging and strengthening existing networks
- Includes communication for the wider community and targeted capacity building for communities most at risk of floods
- Designed to be sustainable, re-used and extendable
- Key element of the broader, integrated Flood Strategy

**19** Projects  
**37** Partners  
**300** Organisations  
**49k** Flood map searches  
**96k** Video views  
**71%** of people who saw campaign took a preparedness action

We acknowledge the contribution of everyone who is part of this important program.
